

# NEFR 2021

## Competitor Bulletin 2

### July 21, 2021

**1. Recce** The following change has been made to the recce schedule:

- A. Recce Registration is now open Wednesday at 4:45 pm.
- B. North Road (SS 14) is now available for recce on Wednesday evening from 6 pm to 7 pm.
- C. Concord Pond remains open on Wednesday evening from 6 pm to 8:30 pm.

**One Pass Schedule** There will be a schedule for a one-pass recce, using the Jemba notes provided as a 'first pass'.

**Two Pass Schedule** Two comprehensive recce schedules will provide an efficient way to see the stages twice between 6am and 8pm, one of them includes Concord Pond. Concord Pond could be recced Wednesday evening or on Thursday evening in which case it might leave no time for shakedown. Assume a 20 mph average on the first pass and 25 mph for the second pass

### 2. RGC at Mexico Rec area (Friday)

A 'modified' RGC will exist between SS 1 and 2 in the recreation area in Mexico, Maine. The following will describe the events around this Regroup:

- A. Competitors will arrive at RGC 1A on the entry to the regroup area. They will check in as normal at an RGC (i.e., on their minute). They will then be directed to a specified area where the nominal waiting time will be 40 minutes. During this time competitors may work on their cars with parts and equipment carried in their car. Any violation of this will be penalized as illegal service (see rule 4.10.3)
- B. At the appointed time (a direction from officials) competitors will be checked out of RGC 1B for the transit to SS 2.
- C. Drinks and Snacks will be supplied at Mexico Rec. No Service Teams allowed!

### 3. Fuel Distances Updated

#### Friday

	<u>Transit</u>	<u>Stage</u>
Start to Sunday River Service S1	82 miles	11 miles
